ABOUT ME

Final-year Computer Science student at Sukkur IBA University with hands-on experience in MERN stack development and AI/ML. Built and deployed responsive full-stack applications and deep learning models. Completed internships in frontend development, QA testing, and network security. Actively seeking remote roles and internship opportunities.

EDUCATION

Sukkur IBA University Sukkur | 2022-2026

Bachelor of Computer Science CGPA : 3.66/4

WORK EXPERIENCE

Sukkur Electric Power Company (SEPCO) | June - Aug 2025

Software Engineering Intern

- Revamped SEPCO's official website using React.js, implementing modern UI/UX design principles and fully responsive layouts to enhance user accessibility across all devices.
- Performed comprehensive QA testing on the Power Smart mobile application, ensuring functional accuracy, smooth navigation, and an optimal user experience.
- Gained practical exposure to IT infrastructure, including firewall configuration, network security protocols, and enterprise-level system administration.

SKILLS

- **Languages:** JavaScript, Python, Java, C++, HTML, CSS, Assembly
- **Web Stack:** React.js, Node.js, Express.js, MongoDB, Mongoose, Vite
- **AI/ML:** CNN, Keras, TensorFlow, Streamlit, Scikit-learn
- **Other:** MySQL, Git, REST APIs, Responsive Web Design

PROJECTS

Smart Crop Disease Detection System

- Developed a CNN-based detection system using TensorFlow, Keras, and Streamlit
- Trained on 87K+ images across 38 crop disease classes, achieving high accuracy and generalization
- Implemented real-time image upload, OpenCV preprocessing, and dynamic result display for instant predictions

TaskFlow – Full-Stack Task Management System

- Built with MERN stack and JWT auth with Admin/User dashboards
- Integrated Cloudinary for file uploads and user profile images
- Designed responsive UI with React, Vite, and Ant Design (filters, statuses, analytics)
- Enabled Excel export, protected routes, and deployed to production

CERTIFICATIONS

- **Machine Learning Specialization**
DeepLearning.AI – Issued Jul 2025
Skills: Supervised & Unsupervised Learning, Neural Networks, Reinforcement Learning
- **Advanced Learning Algorithms**
DeepLearning.AI – Issued Jul 2025
Skills: TensorFlow, Keras, Decision Trees, XGBoost
- **Introduction to MongoDB**
MongoDB University – Issued May 2025
Skills: MongoDB, Mongoose ODM
